

# LUDMILA NUSSIO

## Agronomy Engineer and Full-Stack Developer

Bell Ville, Cordoba, Agr. | ludmilanussio@hotmail.com | +54 351 2406912

### PROFESSIONAL PROFILE

---

Currently specializing in full-stack development at ConquerBlocks Academy, I am passionate about problem-solving and technological innovation. With a background in agricultural engineering, I bring skills in project management, teamwork, and overcoming complex challenges. My constant commitment to learning and proactive approach make me adaptable to dynamic environments, contributing to project success and team cohesion.

### PROFESSIONAL EXPERIENCE

---

#### Lab Director | Agricultural Analysis and Technological Development Specialist

Cereales y Oleaginosas Bell Ville (Bell Ville. September 2018 – Present)

- Led a team specialized in seed analysis and commercial grain quality evaluation. Developed training programs for grain classifiers, introduced innovative seed analysis practices, and ensured compliance with quality standards.

#### Agricultural Engineer | Commercial Coordinator

Tarditti Cereales (Ordoñez. February 2016 – September 2018)

- Led key strategies for demand generation, product positioning, and optimization of buying and selling processes.

#### Agricultural Engineer

Ravalli Negocios Agropecuarios (Etruria. January 2013 - January 2016)

- Sales and customer service representative, optimizing financial processes and efficiently coordinating purchases and sales.

### EDUCATION

---

#### UNIVERSITY

National University of Córdoba - Agricultural Engineer | 2004 – 2011

#### MASTER

Conquerblocks Academy – Full-Stack and Blockchain development | 2023 – present
